Dear Hallmark

I am Bidemi Akingbola an ex student of Hallmark secondary school. I am writing this letter to show my appreciation to the school and all the staff who took care of me and my mates through out our stay in Hallmark.

Hallmark is an unforgettable experience, I joined the school in October 2, 2002 and graduated in July 2, 2007. To say the truth I never expected to graduate from the school more or less become a prefect because I never wanted to stay right from the day I stepped in but after some time I adjusted.

Your school is widely known here in most universities in Canada and I am always proud to say I am from your school.

I want to appeal to you all to try and obey the rules laid down for you because you will never know when you need them. Believe me here you need it. You can get suspended just for skipping a class or coming late. If you guys get to read this I want you to know it's not how far you get in life its how well you do and there is time for everything.

For SSS 3 students Its not worth it coming from home to take your final exam believe me I experienced it and I know what it takes, For the prefects I want you to improve on your relationship with the juniors and even your mates because we never really had a good relationship with juniors and my mates that's why we couldn't control our mates and ended the way we did some of us even joined them. I want you to follow the good examples we laid not the bad ones. I've made mistakes and I thank Mama for the corrections.

I wish you all more success in your school and I hope you do well in the Basket ball competitions. Once again I thank all the staff and Mama I miss you all hope to see you one day.
