To:

hallmarksecondaryschool@yahoo.com

Hello everyone. How are you guys doing? Hope everything is fine. If so, glory be to God. My sister and I just want to say how this school has changed our lives. This school has brought us closer to our culture and language. We are more disciplined than before.

Although, when I was in Nigeria, I hated it, but now that I am here, I cannot stop thinking about the good and bad experiences that I encountered in the school. Now, all I do is miss my friends and teachers.

Note to all students: When you are in Hallmark, you may hate it but when you are gone, you will miss it. Bye for now.
